I have tried to get to see as many of you as I could in the first rounds of the Championships and chivvy up registrations for those who had not already re registered for 2010.

On my travels I was surprised to learn that there were still a number of disgruntled people who have not re-registered for the speed championship this year due to the fact that they were not happy with new scoring system .Remember that this was done with the full consultation with registered competitors, and only a handful of people gave their input to the thought process.

If you feel that you are still unhappy with it or as the season progresses you feel that it can be improved further then please do not hesitate to tell me, if I don't know I can't fix it!

We have our bucket and spade packed, beach towel at the ready and are off for a well deserved holiday!

I have included the top tens for each championship this time, full tables can be found on the web and will be issued with the next Newsletter.

Until next time.....

Darren
